# Things You Need To Know

---

## PRICE LIST

- Goods ordered from this price list are subject to the terms and conditions contained in our standard terms and conditions in force at the time of making of your order.
- All prices are correct at the time of publication of this price list. We reserve the right however to change the prices listed in this document without notice.
- We recommend that at the time of making an order you confirm with our sales staff that the goods are available, and the price stated on the price list is still the correct price in respect of the product in question.
- All wholesale prices are exclusive of GST and freighting costs.
- Retail prices shown are suggested retail prices only and inclusive of GST.

## PRODUCT RETURNS

- SFP reserve the right to deduct freight costs plus a restocking and repacking fee on all returned goods incorrectly ordered.
- Goods cannot be returned if they have been custom-made.
- Please check with us before returning any goods.

## FREIGHT CLAIMS

- All claims for damages and short deliveries must be made on receipt of goods and must be signed for as damaged or short landed.
- Damaged or short delivery must be noted on all copies of the freight consignment note at time of delivery, while delivery driver is still there.
- Signed for "subject to inspection" is not acceptable and will void the possibility of lodging a claim if damage or short supply is found at a later time.
- Any damage or short delivery once noted on the consignment note must be reported immediately to SFP by email, with a copy of the consignment and photos of damage or details of the missing good(s).

# TERMS AND CONDITIONS OF SALE

## 1. Consumer Guarantees Act 1993

- 1.1 Nothing in these Conditions of Sale and Service shall restrict, negate, modify or limit any of your rights under the Consumer Guarantees Act 1993 where:
- 1.1.2 The goods you are acquiring are of a kind ordinarily acquired for personal, domestic or household use or consumption; and
- 1.1.3 You are not acquiring the goods for a business purpose.

## 2. Acceptance of Orders

- 2.1 We, SFP (2017) Ltd, will only supply you, the customer, with goods on these terms unless we have agreed in writing to different terms.

## 3. Price

- 3.1 The price of the goods:
  - 3.1.1 Will be our current prices at the date of delivery unless we have quoted a firm price;
  - 3.1.2 Always exclude GST, unless otherwise stated, and the amount of such tax shall be added to the price of the goods; and
  - 3.1.3 Does not include the cost of delivering the goods to you.
  - 3.1.4 May be increased if we incur higher freight, insurance, import charges or higher foreign exchange costs after the order is placed, or if we incur extra costs because you did not provide us with information or licenses by the time we required.
  - 3.1.5 When we have quoted a firm price and no period of effectiveness is given, then the price will only apply for 90 days from the date of the quote.

## 4. Payment

- 4.1 You must pay us the price by the 20th of the month following the date of our invoice, unless otherwise agreed. If you do not, we will be entitled to:
  - 4.1.1 Defer supplying you with any more goods;
  - 4.1.2 Charge you penalty interest on the amount owing to us at the rate stated in our statement and/or invoice from the time the payment was due;
  - 4.1.3 Treat the contract as having been cancelled by you;
- 4.2 You agree to indemnify us for all costs and expenses (including costs and expenses) we may incur as a consequence of your failure to pay the purchase price in accordance with this clause 4.0.
- 4.3 If we reasonably believe that you will not pay any monies to us for any reason, then we may demand from you:
  - 4.3.1 Payment in full of any monies owing to us;
  - 4.3.2 That you provide us with adequate collateral to secure the payment of all monies owing to us before we commence, or continue to manufacture and/or deliver goods to you.
  - 4.3.3 We may in our discretion apply any payments we receive from you towards any indebtedness you may have with us. We are bound by any conditions or qualifications that you may make in relation to any payments made to us.

## 5. Title and Risk

- 5.1 Goods are at your risk as soon as they have been delivered to you. For the purposes of this clause 5.0 and clause 6.0 delivery shall be deemed to have taken place once:
  - a) when we have accepted your order; and
  - b) the goods are on our premises; and
  - c) the goods are set aside for sending to you; and
  - d) either transit arrangements have been made for the goods, or the goods are ready for collection.
- 5.2 We remain the owners of the goods we supply you until you have paid in full all amounts that you owe to us for all the goods we have supplied to you:
- 5.3 While we are the owners of the goods:
  - 5.3.1 You will always keep the good clearly identified as our property;
  - 5.3.2 We will still own the goods even if you repackage them;
  - 5.3.3 If you mix the goods with other material, we will own the mixture that equals the proportion that the cost of our goods bears to the total cost of the materials comprising the mixture;
  - 5.3.4 You may sell the goods only if you keep enough of the sales proceeds to pay us for the goods in a separate bank account in trust for us;
  - 5.3.5 You license us to enter any of your premises during normal business hours to repossess the goods while you owe us money. You cannot revoke this license.

- 5.3.6 The fact that we own the goods will not affect our right to sue you for the price if you do not pay us on time. We have no obligation to accept returned goods instead of being paid for them. We have no obligation to do anything to limit any loss we might suffer if you do not pay us on time.

## 6. Delivery

- 6.1 We will, at your cost, freight the goods to you by whatever method and route we consider to be the most expedient. The cost of the freight will be shown separately on our invoice.
- 6.2 Where you require us to freight the goods to you urgently, we reserve the right to charge you for any additional freighting expenses incurred.
- 6.3 If you have specified a delivery date, we will try and deliver the goods by that date, however:
  - 6.3.1 We will be entitled to deliver the goods to you after the agreed delivery date or cancel the contract without being liable to you in respect of causes outside our control;
  - 6.3.2 We may deliver the goods to you by instalments in any quantity and each delivery will be a separate contract independent from the other deliveries.
- 6.4 If you do not specify a reasonable time for delivery of the goods, and we have not accepted any such time specified for delivery, we will not be liable to you for late delivery of the goods in any circumstances.
- 6.5 You may not refuse to accept delivery of goods where we have agreed in writing.

## 7. Exclusions and Limitations to our Liability

- 7.1 Subject to clause 1 of the Conditions, where we are permitted by law, we exclude or contract out of all warranties other than those expressly stated in these terms and conditions.
- 7.2 We will not be bound by any representations that we make unless they are writing.
- 7.3 We give all technical advice or assistance entirely at your risk.
- 7.4 We warrant only that the goods comply with our specifications where we are the manufacturer or that they comply with the manufacturer's specifications where we are not the manufacturer.
- 7.5 All descriptions of the goods are to only enable their identification and does not mean that the sale of the goods is a sale by description.
- 7.6 We will not be liable to you for any direct, indirect or consequential loss in respect of the goods, or for any delay or failure to supply the goods except where it is due to our gross negligence or wilful default. However our liability to you in that instance is limited to the amount that we may receive from the manufacturer if we are not the manufacturer or to the sale price of the goods where we are the manufacturer.
- 7.7 We will not be liable to you for any direct, indirect or consequential loss in respect of the goods as a consequence of improper installation, maintenance, accident, neglect, misuse or operation of the goods beyond their rated capacity.

## 8. Claims

- 8.1 We will at our own option replace or give a credit to you for any goods which contain a manufacturing defect if:
  - 8.1.1 You advise us of your claim within 30 days of such a defect becoming apparent in the goods, quoting the despatch number and/or invoice number where appropriate.
  - 8.1.2 Your claim identifies the manufacturing defect, and the nature of your claim.
  - 8.1.3 You obtain our consent to the return of the goods, prior to returning the goods to us.
  - 8.1.4 The goods are returned to us in the same condition they were received by you.
  - 8.1.5 You will pay for the cost of returning the goods.
  - 8.1.6 You will pay our handling fee.
- 8.2 If you dispute any item or amount contained in any invoice, you must advise us or such a claim within 30 days after receipt of that invoice. If you fail to give us such notice you will be deemed to have accepted the contents of the respective invoice.

## 9. Indemnity

- 9.1 Where you acquire the goods for the purpose of resupplying them to a customer other than yourself, then it is agreed that you will contract out of the application of the Consumer Act Guarantees Act 1993 within the contract for the resupply of the goods, where you are reselling the goods to a business.

- 9.2 If you fail to contract out of the Consumer Guarantees Act 1993 in accordance with clause 9.1 above then you will indemnify us for any damage or expenses that we may incur as a result of any claim being brought against us by a customer who purchases the goods from you, which would have been otherwise barred has you contracted out of the Consumer Guarantees Act 1993.

- 9.3 You will indemnify us for any liability that we may incur which arises as a consequence of representations made by you about any of the goods which are made otherwise than in accordance with our express specification and warranties which accompany the product.
- 9.4 You will indemnify us for any liability that we may incur which arises as a consequence of any claim by your customers, servants, agents, or other person in respect of any loss, damage or injury incurred as a consequence of any defect in the goods.

## 10. Return of Goods

- 10.1 We will only be liable to you for shortfalls, losses, damage or failure to meet specifications where you have notified us of those matters within 7 days of taking delivery.
- 10.2 Goods which do meet your order may not be returned to us unless:
  - 10.2.1 We have agreed in writing that they may be returned
  - 10.2.2 You have not had the goods for more than 7 days
  - 10.2.3 You will pay for the cost of returning the goods
  - 10.2.4 You will pay our handling fee
- 10.2.5 The goods are still of a fit and merchantable quality, and the goods and the packaging are not soiled or damaged.

## 11. Quotes

- 11.1 Where these terms and conditions form part of a written quote, the quote shall only remain valid for 30 days from the date of the making of the quote; and may be withdrawn by us at any time prior to the quote being accepted by you.
- 11.2 You must give us notice in writing of your acceptance of any quote we may give you.

## 12. Goods for Sale Only in New Zealand

- 12.1 You may only sell or use the goods in New Zealand and must not allow them to be exported without our prior written agreement.

## 13. Intellectual Property

- 13.1 All our trademarks or other intellectual property rights in respect of the goods remain our property and you may not use, remove, interfere with or alter them in any way.
- 13.2 We make no representation that the goods will not infringe the intellectual property rights of any other person and will not be liable for any costs that you may incur as a result. You will notify us immediately if you receive a claim from a person alleging that it is the owner of any intellectual property rights relating to the goods and if we consider ourselves to be affected, we shall be entitled to completely control the defence or settlement of the claim.
- 13.3 You will indemnify us against all damages, losses and liabilities we may incur as a consequence of any work which we shall undertake in accordance with your instructions of your customer which infringe, or allegedly infringe any third parties intellectual rights.

## 14. Assignment

- 14.1 You may not assign your rights to delegate your performance under this agreement without our consent in writing.

## 15. Proper Law

- 15.1 These conditions shall be interpreted and governed by the law of New Zealand.

## 16. Arbitration

- 16.1 We may refer any disputes between us to an arbitrator who shall be a person appointed by the President of the New Zealand Chamber of Commerce.

## 17. Waiver

- 17.1 In the event that either of us fail to perform an obligation under these Conditions of Sale and Service, and the non-defaulting party does not elect to enforce that obligation, then the non-defaulting party's inaction shall not prevent that party from enforcing that obligation at a later date, and does not constitute a waiver of any of the terms and conditions contained in these Conditions by the non-defaulting party.

# Woodfire Free Standing Flue Kits

## Flue Kit 3.6 metre (1200 Kit) contains:

- 3 x 1200mm lengths Flue Pipe
- 1 x 1200mm length Outer/Inner Casing Combination
- 1 x Anti Down-Draught Cowl
- 1 x Casing Cover
- 1 x Top Spacer Bracket
- 1 x Ceiling Plate
- 1 x Pkt Screws & Spacers

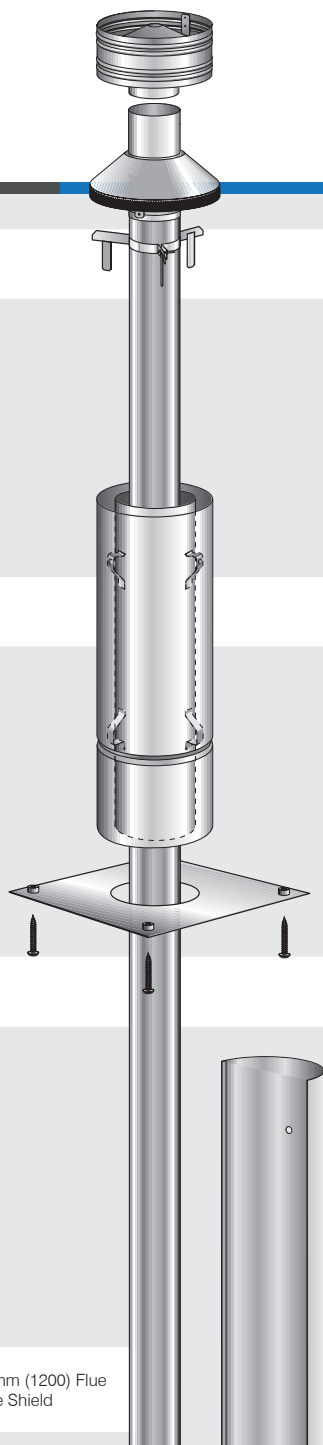

## Flue Kit 3.6 metre (1800 Kit) contains:

- 3 x 1200mm lengths Flue Pipe
- 1 x 1200mm length Outer/Inner Casing Combination
- 1 x 600mm length Outer Casing Extension
- 1 x Anti Down-Draught Cowl
- 1 x Casing Cover
- 1 x Top Spacer Bracket
- 1 x Ceiling Plate
- 1 x Pkt Screws & Spacers

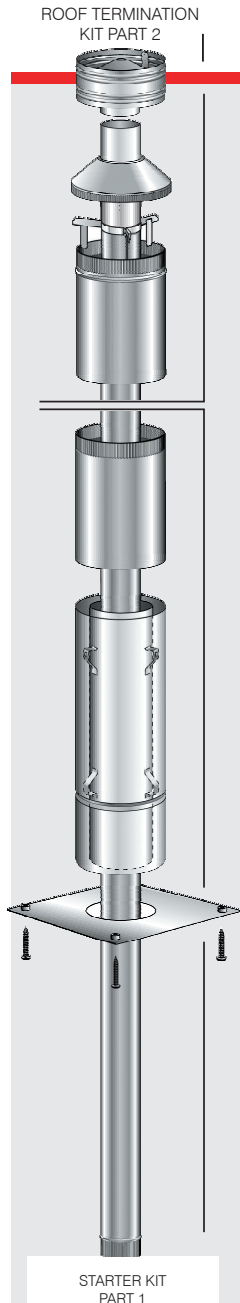

## Flue Kit 4.0 metre (2400 Kit) contains:

- 3 x 1200mm lengths Flue Pipe
- 1 x 600mm length Flue Pipe
- 1 x 1200mm length Outer/Inner Casing Combination
- 2 x 600mm length Outer Casing Extension
- 1 x Anti Down-Draught Cowl
- 1 x Casing Cover
- 1 x Top Spacer Bracket
- 1 x Ceiling Plate
- 1 x Pkt Screws & Spacers

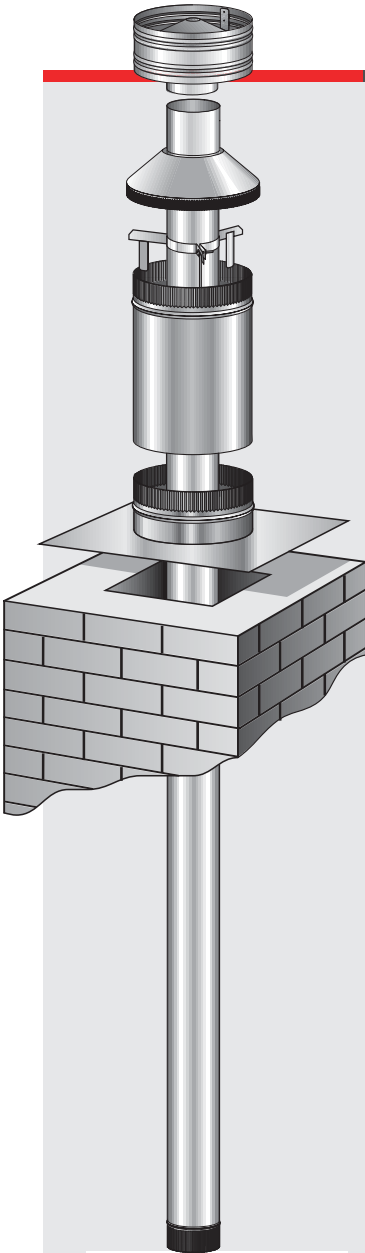

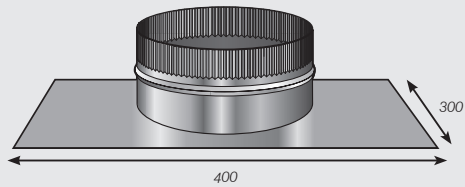

Diagram illustrates 150 Kit with optional Chimney Flashing Plate.

# Energy / Heat Saving Type Flue Kits

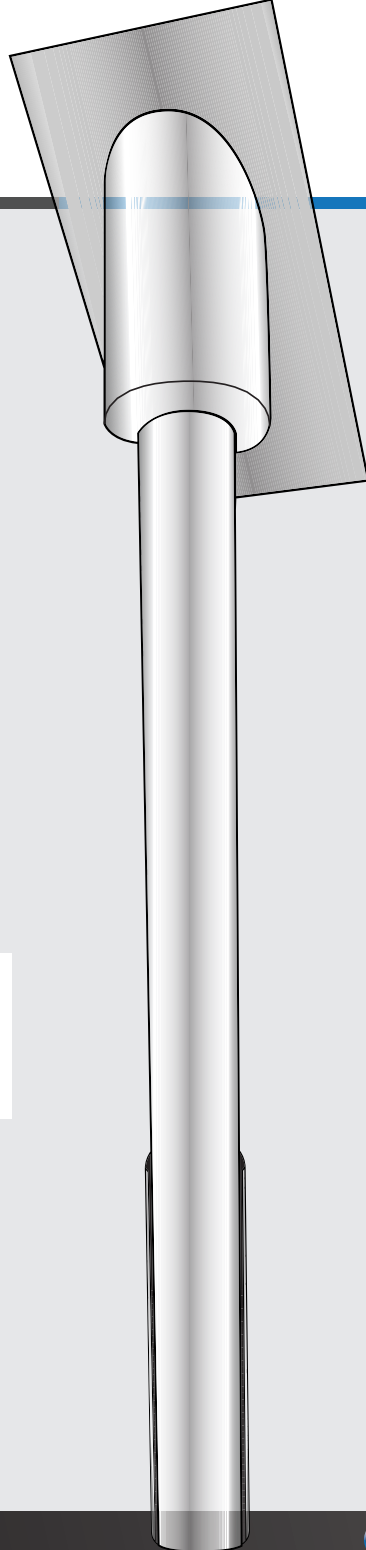

- Energy/Heat Saving type kits rely on a thermo-syphon principle where air from either the ceiling cavity or outside is drawn into the Outer Casing and “cools” the flue system.
- Energy/Heat Saving type flue kits minimise room air from being drawn up the Outer Casing and being “wasted”.
- The E Kit Option has been developed by SFP as a basic conversion kit. It is a practical solution, no need to stock both Energy/Heat Saving type kits and conventional kits. Simply add the E Kit Option to any SFP 150mm free-standing flue kit.

The **E Kit Option** has been tested to AS/NZS2918:2001 Report No. 03/815 & 03/833.

**NB: The E Kit Option can only be used on SFP 150mm Free-Standing Kits, SFP Ceiling Kits or with SFP components.**

**The E Kit Option can be used on heaters tested to AS/NZS2918:2001 Appendix B**

**On Metro heaters, SFP recommend the use of Pioneer Eco Flue Kits**

# E Kit Option

## 150mm E Kit Option - EK150

### 150mm

The **E Kit Option** is an option that converts a 150mm SFP Free-Standing Flue Kit to an Energy/Heat Saving type Kit on flat ceilings.

The easy fitting **E Kit Option** reduces heat loss from the room. Refer to installation instructions.

Manufactured in accordance with AS/NZS 2918:2001 and tested to appendix F.

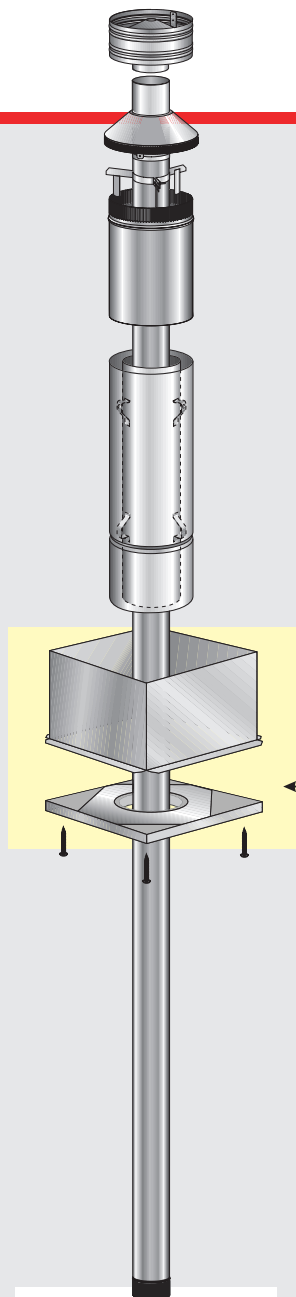

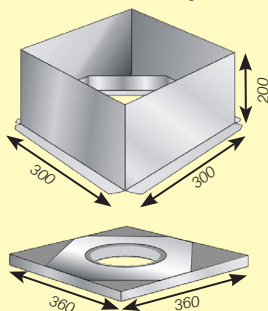

Diagram illustrates 150 Kit with E Kit Option in position

### 150mm E Kit Option

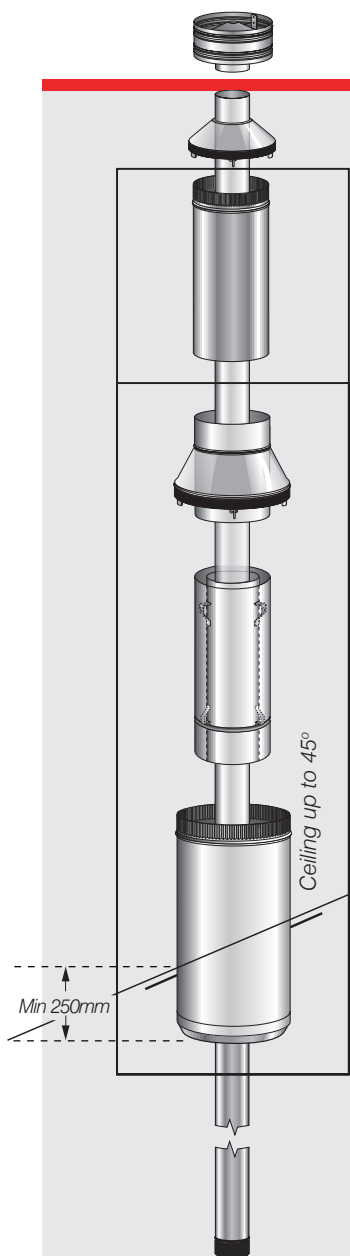

Diagram illustrates 150mm Flue Kit with Stainless Steel Sloped Ceiling E Kit Option in position

## 150mm Sloped Ceiling E Kit Option

**Option 1 Galvanised**

**Option 2 Stainless Steel**

*See opposite page for components.*

The E Kit Option is an option that converts a 150mm SFP Free-Standing Flue Kit to an Energy/Heat Saving type Kit on sloped ceilings.

The easy fitting E Kit Option reduces heat loss from the room. Refer to installation instructions.

Manufactured in accordance with AS/NZS 2918:2001 and tested to appendix F.

### Galvanised Kit contains:

- 1x S/Steel E Kit Option Casing Cover 250mm - 300mm
- 1x Galvanised Outer Casing 300mm x 1200mm with internal mounting frame
- 1x 300/155mm Galvanised Trim End Cap
- 1x 300mm Galvanised Trim Plate

### Stainless Steel Kit contains:

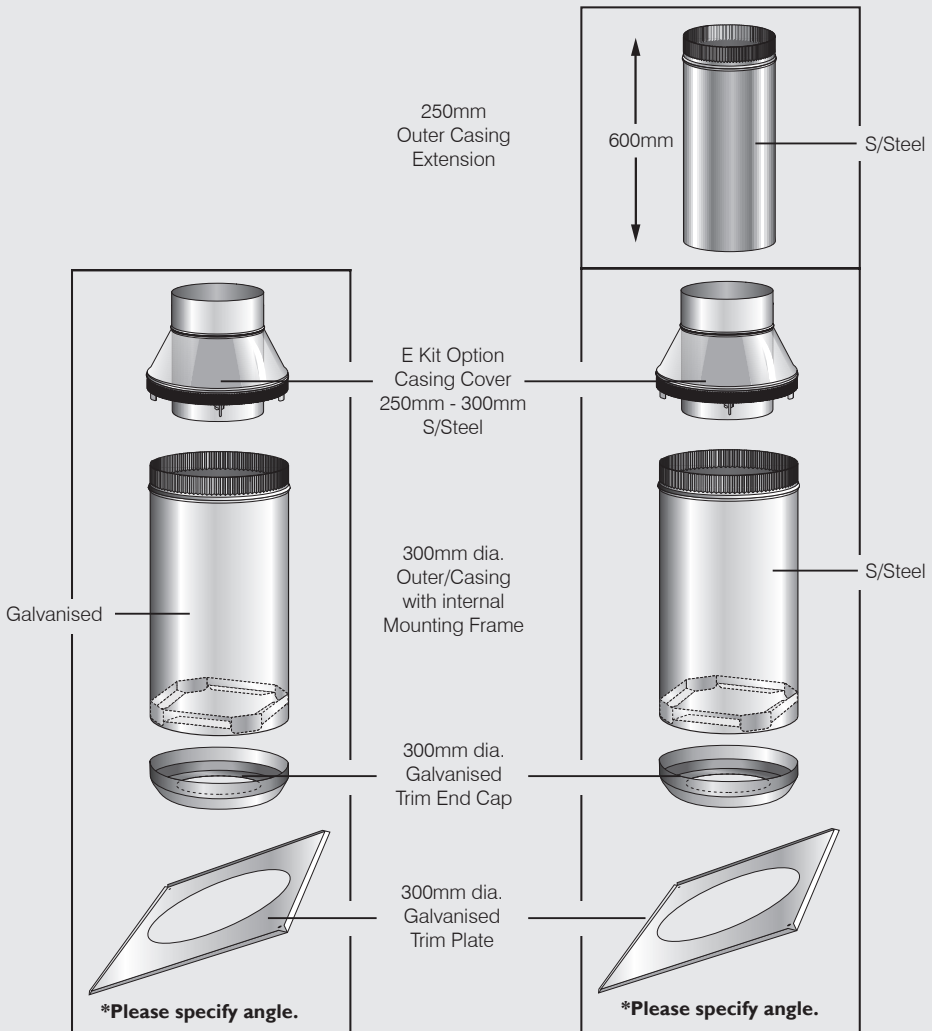

- 1x 600mm length, 250mm dia. S/Steel Outer Casing Extension
- 1x E Kit Option Casing Cover 250mm-300mm
- 1x Stainless Steel Outer Casing 300mm x 1200mm with internal mounting frame
- 1x 300mm dia. Galvanised Trim End Cap
- 1x 300mm dia. Galvanised Trim Plate

# Floor Penetration Kit E Kit

For use in two storied installations

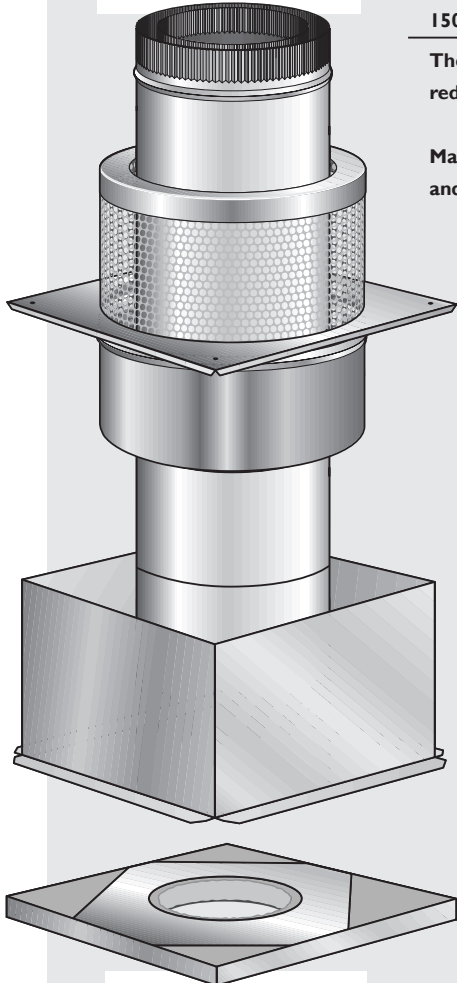

Diagram illustrates 150mm Floor Penetration E Kit with Outer / Inner Casing in position

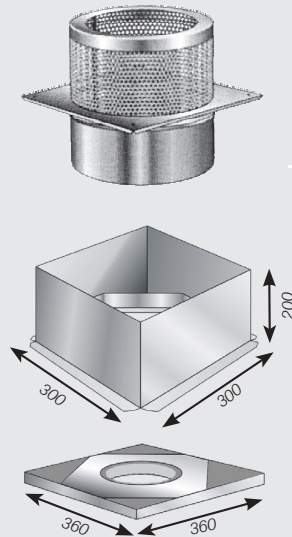

## Floor Penetration E Kit - EKFP150

150mm unpainted

The easy fitting Floor Penetration E Kit can help reduce noise transfer between upper and lower rooms.

Manufactured in accordance with AS/NZS 2918:2001 and tested to appendix F.

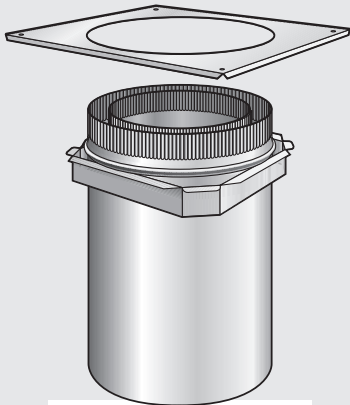

## 150mm Floor Penetration E Kit Option

This Kit is designed to be used where the 250/200 Combination Liners extend from the E Kit unit to outside the roof  
**DO NOT USE WITH 250DIA. MESH SCREEN**

# Floor Penetration Units

Suggested  
Retail only  
(incl GST)

For use in two storied  
installations

## Floor Penetration Unit - FPU250200

250/200mm

84.00

Floor Penetration Extensions must be used when fitting mesh screens. (AS/NZS 2918:2001 4.6.30)

Supplied complete with Trim Plate.  
For use on tested and untested installations  
As per AS/NZS 2918:2001

# Floor Penetration Extensions

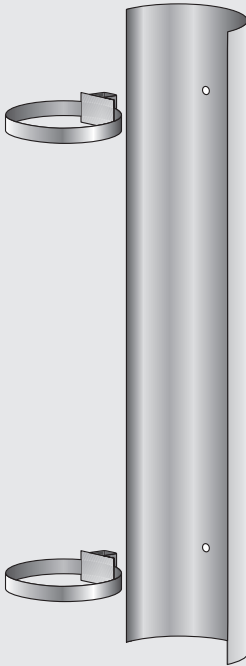

## Painted Black 300mm Long - FPE250

250mm

49.00

Extensions are designed to be used when installing 250mm dia. Mesh Screens on Floor Penetrations Units

# Flue Pipe Shields Stainless Steel

**Suggested  
Retail only  
(incl GST)**

## **1200mm Shields - Complete - FSC150**

100mm	73.00
